

Medicare Questions?

MedExpert is here for you

Medicare can be confusing. MedExpert is here for you as your personal health advocate to assist you in understanding the different parts and choosing the option that is right for you. MedExpert can walk you through your choices directly over the phone, informing you of your coverage options and costs for each. MedExpert is a free benefit to you and anyone in your family.

Understanding the Basics

- **Clarify** “Original” Medicare. This includes **Part A** (covers hospital costs) and **Part B** (covers doctor visits, other “medically necessary” services)
- **Educate** about Medicare Advantage plans (**Part C**), and how they compare to Original Medicare
- **Discuss** Medicare **Part D** prescription drug plans (Medicare recipients may only be enrolled in one Medicare Part D Prescription Drug Plan)

Here to Assist You

- **Review** all the parts of Medicare. Medicare is not free! Learn about the deductibles, coinsurance, co-pays and premiums that may apply
- **Research** Medigap plans, which supplement Original Medicare coverage
- **Explain** how Medicare works with your employer’s or spouse’s health benefits
- **Locate** Medicare-participating physicians

Act Before It’s Too Late!

Approximately, three months before you turn 65 or at any age if receiving Social Security Disability benefits speak to a MedExpert representative so we can help you review your coverage options, answer any questions, and help you apply for coverage. This will help you avoid costly penalties.

Keep in mind... MedExpert is completely free, safe, and confidential. If you or anyone in your family is dealing with any medical issue, you can speak to a MedExpert doctor today. Call **1-800-999-1999**.
