## MEMORANDUM OF UNDERSTANDING

Between

IBEW Local Union 11 and Los Angeles County Chapter, NECA

### Tunnel Premium Pay

The parties to the Inside Wiremen's Agreement between IBEW Local 11 and Los Angeles County Chapter, NECA hereby restate their interpretation of when tunnel premium pay applies under the collective bargaining agreement. This interpretation is consistent with their existing interpretation and is restated here for clarification purposes.

The tunnel pay premium listed in the Inside Wiremen's Agreement shall apply to all electrical construction installation, maintenance and repair work in tunnels while the tunnel is under construction. This shall include installation of temporary power and light wiring, work performed on the tunnel boring machines (TBM) and the de-energizing and energizing of electrical systems within the tunnel. Other tradesmen may, however, attach or disconnect safe, properly grounded portable cords.

Tunnel premium pay shall apply to all wiremen who are working on the construction and boring of the tunnel, including when they are working in the adjacent structures such as the station box. It shall not apply to those workmen in adjacent structures that are not working on construction of the tunnel.

Tunnel premium shall no longer apply to a tunnel once a tunnel section is completed (i.e., boring is completed and concrete segments are in place along the length of the tunnel between stations). Tunnel premium shall no longer apply to adjacent structures (such as station boxes) once the adjoining tunnel sections are completed."
