*Some exceptions may apply to services available. Certain conditions or treatments may require additional clinic visits, tests or charges. Please ask our clinical staff for more details. Vaccinations may require a series of doses and are subject to availability. Not all services may be covered under the patient's health care plan or insurance. Dermatology consultations, if authorized under the patient's plan, are by referral only.

No emergency services are available at this location.

If you reasonably believe you have an emergency medical condition, call 911 or go to the nearest Emergency Department. An emergency medical condition is a medical or psychiatric condition that requires immediate medical attention to prevent serious jeopardy to your health. For the complete definition of an emergency medical condition, please refer to your *Evidence of Coverage*.

Kaiser Permanente members: Your regular office visit copayment, deductible or coinsurance applies. Only new prescriptions as a result of your visit at Target Clinic can be filled at CVS Pharmacy™ at Target. Refills must be obtained from a Kaiser Permanente pharmacy.
