

IMPORTANT PHARMACY BENEFITS INFORMATION

Dear Valued Participant:

In response to the public health crisis surrounding COVID-19, Citizens Rx would like to remind you that your prescription drug benefit includes access to PraxisRx, a pharmacy that specializes in home delivery.

Save Time and Money with Home Delivery

Home delivery is the easiest way to get maintenance medications you take for treatment of ongoing medical conditions such as high blood pressure, arthritis, diabetes, asthma, cholesterol, depression, and virtually any condition that requires you to take medications on a regular basis. Prescription home delivery is a safe, reliable program that has helped many people save time and money – and home delivery helps you avoid making trips to the pharmacy.

In most cases, home delivery medications will be dispensed in 90-day supplies and depending on your benefit plan design, home delivery may save you out-of-pocket copay costs.

For Home Delivery, your physician can send prescriptions to PraxisRx three easy ways:

1. Send electronically by choosing PraxisRx Pharmacy on their prescribing system
2. Fax your prescriptions directly to PraxisRx Pharmacy at (888) 958-2831
3. Call in prescriptions to (888) 903-7453

Note: You may also contact PraxisRx at any time at (888) 903-7453 to speak with a Patient Care Coordinator. You may also visit their website at www.PraxisRx.com.

Please contact us at **(877) 532-7912** if you have any questions regarding the home delivery service or with questions regarding your prescription drug benefit.

Sincerely,
Citizens Rx
